(First Warning)

[To the] Bahá'í mercenaries—spies of powerful nations—betrayers of the homeland

Do you believe we will allow you to use the country of Imam-e-Zaman [the twelfth Imam] as a haven for your vain and futile beliefs, which are the fabrication of Western colonialism, and let you suck people's blood and take possession of the country's economy again, as in the time of the puppet Pahlavi regime?

We, the people of Hezbollah, as long as the blood of Hosein is in our veins, and the hope of the appearance of the Valiy-e-Asr [the twelfth Imam] is in our heads, will not permit fifth columnists who are the enemies of Islam as well as the Muslims, to plunder and destroy our Islamic and Iranian belief and culture.

We have asked the authorities endless numbers of times to restrain traitors like you, but it seems that they have no listening ear. However, the matter of commanding others to do good, and forbidding them from wrongdoing, and the advice of the Greatest Messenger, "You are all shepherds and you are all responsible", will help us focus on our main obligation.

If you are sitting still, then let it be; otherwise wait for the next phase.
